

upon listening to a section of the BPL video and watching it
I feel it will spell the end of amateur radio in the 2-80 MHZ range.
I strongly advise we keep this service off the power lines, as in
time of emergency my radio would be useless completely..I am not
convinced the service would be "clean" of all kinds of hash on the
liones...sincerely K7ABV/Eric Martin...Great Falls, Montana.59405
